

1 Billion Coalition for Resilience Technology Workshop

Wednesday 5 October 2016

Future Cities Catapult
1 Sekforde Street
London, EC1R 0BE

DAY 1 – Workshop

The aim of the workshop is to initiate a journey which will address how technology can be used to strengthen the 1BC initiative.

- Identify a vision and roadmap for developing the infrastructure to make preparedness and resilience data available to individuals, communities and organisations in the five platforms.
- Explore the blocking issues and corresponding enablers in building an infrastructure environment that would support the 1BC’s five platforms and their apps.
- Showcase a few examples of the types of tools the infrastructure will be likely to support. We will explore the functionality these tools offer, and follow-on to consider what other capabilities could be offered.

Time	Session
09:00	Arrival, registration and refreshments
09:15 – 09:45	<i>Setting the scene and introduction to the 1 Billion Coalition for Resilience</i> Mark Hampson - Chief Innovation Officer, Satellite Applications Catapult Benjamin Wielgosz – Global Advisor, IFRC, 1 Billion Coalition
09:45 – 10:30	<i>Introduction to breakout sessions</i> Joel Freedman, Senior Design Thinker, Satellite Applications Catapult <i>Overview of 4 Thematic Client Tables, and Digital Ecosystem to connect them</i> Table 1: Civil Society - Ian O’Donnell, Sr. Urban Planner, Global Disaster Preparedness Center Table 2: Business, Corin Morcom, Private Sector Section, UN OCHA - Connecting Business initiative Table 3: Public Policy & Advocacy, UNICEF Table 4: Operational Responders, Zlatan Milisic, Director and Adviser, World Food Programme Apps introduction: Inis Communication, Connectik, Help Now, M-Urgency
10:30 – 10:45	Refreshment break
10:45 – 12:00	Breakout session 1 – “Requirements vs capabilities. Identify the gaps”
12:00 – 12:45	Lunch
12:45 – 13:45	Breakout session 2 – “Platform links - Enablers and blockers”
13:45 – 14:15	Presentations back to group

14:15 – 14:30	<i>Refreshment break and re-group</i>
14:30 – 15:30	Breakout session 3 – “Roadmap generation & 1BC Ecosystem Roadmap development”
15:30 – 16:00	Presentations back to group - agree next steps
16:00 – 17:00	Preparation of finance presentations for day two – “Applications and opportunities” (session for apps developers)
17:00 – 17:30	Dry run presentations
17:30	<i>End of the day</i>

By the end of the workshop we should have:

- Established a vision for connecting, integrating and delivering data to communities.
- Drawn up a roadmap for building the infrastructure solution to support the 1BC initiative.
- Scoped out a clear challenge (i.e. a hackathon to kick-start the process)
